PR S1V2 RTR 1/10 ELECTRIC 2WD BUGGY

RTR

PR S1v2 RTR 1/10 Electric 2WD Buggy (Brushless) RM&MM

(Black body)

Here at PR Racing we'd like to introduce our new approach to the Ready To Run market! We feel that today's RTR vehicles do not offer the customer a quality race oriented experience. Our RTR vehicles are designed primarily with the entry level racer in mind. Our RTR Vehicle is produced with much of the same materials and design as our winning Pro Kits!

Part Number: PR66401956

Description

Tracks around the world are beginning to take notice of the rise in PR Racing 10th scale vehicles. The quality and performance of our PR Racing vehicles is becoming harder and harder to ignore as Hobby Dealers and Retailers across the world begin to stock our fine products. Our PR S1 2wd 10th scale electric RTR Buggy is assembled at our factory and comes 90% Ready to Rock! Just add batteries and your ready to hit the track! All of our high grade racing option parts will be direct fit for our RTR line so upgrading the vehicle can be easily done to match your local track conditions.
